

**ACHARYA HARIHAR
POST GRADUATE INSTITUTE OF CANCER**
(A State Autonomous Body since 1984)

ANNUAL REPORT
2020 - 21

ACHARYA HARIHARA

An Illustrious Personality

[1878 – 1971]

Acharya Harihar, a freedom fighter from Odisha, participated in Salt Satyagraha and jailed during British Rule in 1930 as a true disciple of Gandhiji. After independence he joined “ Bhoodan Movement “ of Vinobajee.

He was one of the member of ‘ Modern Panchasakha’ of Odisha, others being Utkalmani Gopabandhu Das, Pandit Nilakantha Das, Pandit Krupasindhu Mishra and Pandit Godabarish Mishra. Together they contributed under the able leadership of Utkal Gourav Madhusudan Das for the formation of special Odisha Province basing on the mother tongue ‘Odiaa’ in 1936 during the British Era. He was also the editor of the ‘Odiaa’ newspaper , the Samaj.

Besides, he was a renowned teacher (Acharya) at Satyabadi open air school at Sakhigopal, Puri during British Era and loved by all his students. The basic objectives of Satyabadi school was to inculcate the sense of Nationalism among the masses by uniting all irrespective of caste, creed and religion. He was preaching “Be a good man” (Bhala Manisha Hua) to all his students. This great patriot and “Acharya” passed away in 21st February 1971 at the age of 93 Years.

SERVICES AVAILABLE IN AHPGIC, CUTTACK

1. Radiation by advanced Radiotherapy machines like Linear Accelerator, CT Simulator and Brachytherapy
2. Day Care Centre for Chemotherapy
3. Digital Mammography, CT Scan, Ultra Sonography, Endoscopy, MRI, IHC, Colposcopy and X-ray
4. 24X7 hours Emergency services and Pathological investigations for cancer patients
5. All advanced Cancer surgeries and Laparoscopy surgeries in respect to Gynaecology services, Surgical Services and Head & Neck Services
6. Free supply of general and anti-cancer Drugs through NIRAMAYA
7. Pain & Palliative Care by specialist Doctors on six days a week
8. Free diet to all Indoor patients
9. Aahar Centre for patient attendants in side the premises
10. Dharmasala for patients attendant
11. Telemedicine Counselling to patients of different districts
12. All Hospital services are Free of Cost except Cabin
13. Post Graduate & M.Ch Medical Education Courses
14. Diploma courses for technician students
15. Hospital information and management systems
16. Hospital based cancer registries and Patterns of care and survival studies for cancer patients
17. Cancer screening by organization of health camp
18. Central Library and E-Library services

3. The F.A.-cum-Addl. Secretary, Health & F.W. Dept., Govt. of Odisha
4. The Director of Medical Education & Training, Odisha
5. The Principal, SCB Medical College & Hospital, Cuttack

Convenor

Director, AHPGIC, Cuttack

AIMS AND OBJECTIVES

- (i) To conduct teaching activities in various approved fields, thrive for excellence in education, research and provide approved modern and advanced clinical services to cancer patients.
- (ii) To undertake Basic, Applied Research and Teaching in various fields of Oncology of highest standard as per norms and guide-lines of MCI/NMC.
- (iii) To produce quality trained man-power in various fields of Cancer including Medical Doctors, Para-Medics, Medical Physics and in all related fields of Oncology.
- (iv) To collaborate with other similar institutes of repute to increase the standard of teaching, research and clinical service.
- (v) To provide patient care in the form of both OPD and IPD services, Cancer screening, prevention and Community Oncology.
- (vi) To function as Nodal Institute for the state of Odisha for cancer care.
- (vii) To act as Regional Cancer Institute of the state.

From the Desk of the Director....

The year 2020-21 will go down in the history as the most difficult time of the century for the whole mankind. AHPGIC was on a continuous & rapid path of growth on fast forward mode before the onset of Corona pandemic. But the pace got slowed down after April 2020 and still continuing at a lesser pace even now due to the second wave. As a cancer hospital we were under double whammy. Cancer treatment is a different ball game altogether. There is nothing called routine, that can be deferred. All patients are to be treated as an emergency or like semi- emergency; that compounded our responsibilities and we were acutely conscious of this fact. That is why barring a couple of weeks when we were engulfed with a sudden rise in the number of positive IPD cases in 1st half of July 2020, we continued with all our services with utmost caution. As a first step, to reduce the congestion & footfall in the Institute, the district cancer care centers were activated and stocked with adequate anti cancer medicines for far flung patients. They were regularly monitored through our telemedicine services. All patients required treatment in our centre were screened as per the IPC protocols. With these measures, subsequent events were relatively smooth, even during the second wave, without grossly compromising the optimum patient care.

During this period we achieved few milestones also. First batch of M.Ch students passed out the final examination under the vigilant eyes of the MCI inspectors. The Institute got recognized by NMC/ board of governors as a super-specialty centre. The approved seats were converted as recognized seats. The Telemedicine, E- Sanjivaneer systems got activated for better patient care. Teaching & clinical case presentations were conducted through webinars.

On the infrastructure front, tender process for the purchase of radiotherapy equipment was finalized. Construction of a set of new bunkers started and the pace of construction of existing Linac building was expedited. This resulted in commissioning of CT & MRI under PPP mode subsequently.

Difficult times generates out of box solutions. The meetings under Video Conference are a boon for the future. Hybrid meetings will connect a large number of stake holders on a short notice and with minimal logistic problems. This will greatly enhance the communication & speedy implementation of schemes.

Now we are aptly prepared to handle the pandemic, but I sincerely desire that it ends soon, so that the life returns back to normal as early as possible.

Dr. L. Sarangi

Director

REPORT OF THE DEAN AND PRINCIPAL

The Govt. of Odisha has been pleased to declare Acharya Harihar Post Graduate Institute of Cancer (AHPGIC) as the new name of AHRCC from 10th February 2020 vide Govt. Order No. HFW-MEI-AHRCC-0011-2019-3817/H Dated 10.02.2020. This institute has been approved by the MCI / NMC as the first Post-graduate Medical Education Centre of our State, without MBBS course, from the academic year 2017-18. To start with the Post-graduate students have been admitted to Super speciality Courses i.e **Surgical Oncology** and **Gynaecological Oncology**. The institution has been pursuing to start more Post-graduate courses in other specialities and super specialities.

I. Post-Graduate Medical Education:

(a) FIRST BATCH M.Ch COURSE COMPLETED (2017-2020) :

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2017-18 and they have successfully passed out in August 2020. These courses have been recognised by National Medical Commission (Formerly MCI) on dated 17.09.2020.

(b) ONGOING PG COURSE: (ADMISSION DURING 2018-19) Second Batch:

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2018-19. The teaching and training programme of the PG students are going on as per the syllabus approved by the Utkal University and these students are appearing their final University Examination in July 2021.

(c) ONGOING PG COURSE: (ADMISSION DURING 2019-20) Third Batch:

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2019-20. The teaching and training programme of the PG students are going on as per the syllabus approved by the Utkal University.

(d) ONGOING PG COURSE (ADMISSION DURING 2020-21) Fourth Batch:

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2020-21. The teaching and training programme of the PG students are going on as per the syllabus approved by the Utkal University.

(e) PG COURSE TO START (DURING ACADEMIC YEAR 2022-23)

This year we have been permitted by Govt. of Odisha to apply to National Medical Commission (NMC) to open PG Course in Anaesthesiology, Head & Neck Oncology and Onco-Pathology.

(f) Ongoing PG course in MD (Radiation Oncology) during Academic Year 2020-21 :

Six students have taken admission during the academic year 2020-21 under the control of the Dean & Principal, SCB Medical College, Cuttack and continuing their study at AHPGIC, Cuttack.

II. Diploma in Medical Laboratory Technology (DMLT) :

(a) First Batch of DMLT COURSE COMPLETED :

The first batch, nineteen students, have taken admission during the academic year 2017-18. Eighteen out of nineteen students have successfully passed the DMLT Course and completed their internship training in March 2021.

**(b) ADMISSION DURING 2018-19. Second Batch :**

The second batch, nineteen students, have taken admission during the academic year 2018-19. The teaching and training programme of the DMLT students are going on as per the DMLT council guideline of Government of Odisha.

(c) ADMISSION DURING 2019-20. Third Batch :

The third batch, twenty students, have taken admission during the academic year 2019-20. The teaching and training programme of the DMLT students are going on as per the DMLT council guideline of Government of Odisha.

(d) ADMISSION DURING 2020-21. Fourth Batch :

The fourth batch, seventeen students, have taken admission during the academic year 2020–21. The teaching and training programme of the DMLT students are going on as per the DMLT council guideline of Government of Odisha.

III. Certified OT Technician (COTT) Course :

Our Institute has been permitted by **State Board for Allied Medical Sciences**, Bhubaneswar to start 5 seats of OT Technician course. Four students have taken admission and their training is going on.

IV. New courses :**(a) DRTT course:**

We are planning to start DRTT courses in our centre.

(b) Diploma in Medical Physics :

Medical Radiation Physics Course has been approved to start at NISER, Khordha district , where we agreed to provide practical training to the students of the said course .

V. Research Activities :**EXTRAMURAL PROJECTS :**

Senior Research Fellowship (SRF) under **(ICMR)**sponsored project has been completed.

Topic: "Clinicopathological study of Gallbladder cancer with special reference to expression of (ER), (PR) and HER-2(neu)"

Research Scholar: Mr. Sashibhusan Dash.

Principal Investigator: Dr. Sagarika Samantaray, Prof. & HoD Onco Pathology.

INTRAMURAL PROJECTS :

Project approved by AHPGIC Institutional Ethics Committee (IEC) held on 24.01.2020

(i) PG Thesis - 02

(ii) Research Project - 07

Our requirements

1. An Academic building for the office of the Dean & Principal, Class room (Lecture Theatre), Auditorium, Central Library, Reading Room, Central Research Laboratory, Examination Hall, etc.
2. To upgrade the 24 hours Emergency Service along with facility for Central Laboratory service.
3. To permit AHPGIC to use the Transfusion Medicine Service of SCB Medical College, Cuttack
4. To recruit staffs for the office of the Dean & Principal.
5. Proper Hostel for Resident Doctors.
6. Mess/ Canteen for students.
7. Examination Hall

Prof. Niranjan Rout
Dean & Principal
AHPGIC, Cuttack

AHPGIC AT A GLANCE

ACADEMICS & RESEARCH

Acharya Harihar Post Graduate Institute of Cancer (AHPGIC), Cuttack is marching forward with its PG Courses, M.Ch. (Gynaecological Oncology), M.Ch. (Surgical Oncology), MD (Radiation Oncology), DMLT and COTT courses to produce qualified human resources to serve the cancer patient of our country and abroad. The Medical Radiation Physics courses will start at NISER, Khordha with our technical support from the year 2023.

Research is an integral segment of medical education and patient care. Institutional Ethics Committee of the centre conducts meetings at regular intervals for review and approval of new research work to be performed. Several Govt. and industry sponsored intra-mural and extra-mural research works are being conducted in the institution resulting in good amount of publications in premier journals of national and international repute.

Library Committee supervises the maintenance and development of AHPGIC central library and e-library. Postgraduate committee monitors PG & M.Ch. education as well as inter departmental and inter institutional academic activities.

Hospital Based Cancer Registry & Patterns of Care & Survival Studies in Cancer Cervix, Cancer Breast and Head & Neck Cancers (HBCR-POCSS) project under National Cancer Registry Programme is working in the centre. Similarly the centre is enrolled in National Cancer Grid network. The NCG was created to form a union of cancer centres in the country which could provide uniform and high standards of cancer care, follow uniform evidence based guidelines for management of patients, develop human resource adequately trained to fulfil the cancer health care

needs of the entire nation and conduct a collaborative clinical research of high standard.

Tumor board is conducted every day for discussion and decision of treatment protocols for new patients consisting of specialists of each segment.

AHPGIC undertakes trainings and courses for medical doctors, nurses, paramedical staff and students to build additional manpower in the field of oncology. This year six batches of O&G specialists (150) and three batches of medical officers (76) have attended hands-on training on Pap smear Screening and Palliative Care in the institute.

NIRAMAYA

The new drug ware house is functioning for storing and management of Anticancer drugs for the whole state and NIRAMAYA is able to fulfil 100% demand for both general and anti cancer drugs.

Telemedicine

Telemedicine centre is a great help for cancer patients of different districts minimizing the long distance travel to the centre. This is also being utilized for tele-conferencing with premier institutes for academic discussions and meetings. This service became the best support for the patients during the lockdown due to Covid-19 pandemic outbreak.

Community Activity

AHPGIC is actively engaged in the community service in the form of cancer education, consultation and early detection through camps and various media across the state.

Hospital Information Management System

O-eHMIS project of CDAC, NOIDA is under process of customization and testing for completion of Hospital information Management System at AHPGIC.

DEPARTMENTAL ACTIVITIES

ANESTHESIOLOGY

This Department caters to the need of the departments conducting surgical procedures in the form of preoperative, intraoperative, post-operative anesthesia, respiratory and recovery room care. The department also provides services to:

- the Radiation Oncology department for treatment of pediatric and uncooperative patients
- the Medical Oncology department during intrathecal administration of chemotherapeutic agents
- training to postgraduates in Anesthesiology of SCB Medical College & Hospital

PALLIATIVE MEDICINE

This unit provides prompt pain relief and palliative care through different modalities of services & immediate management of pain to patients at any stage of the disease (mostly terminally ill) with an intention for an improved quality of life. The services provided here have managed to garner recognition throughout different region which is reflected through the influx of patients from various government and private medical colleges & hospitals of eastern India.

IAPC certification courses are being conducted in 2 sessions in a year for all doctors, nurses, volunteers and social workers at the centre.

Our centre, being the State Nodal Centre for Palliative Care, coordinates with the 30 satellite centres established at district headquarter hospitals of the state, to offer Palliative treatment. There is a plan to strengthen this department by creating separate faculty post, thereby opening PG course in Palliative Medicine.

76 doctors from 30 districts of Odisha had a 3 days of Hands on Training at AHPGIC, Cuttack on Pain & Palliative Care treatment for Cancer patients in this session.

Unit In-Charge

Dr. Sumita Mohanty,

Associate Professor, Anaesthesiology

GYNAECOLOGICAL ONCOLOGY

Gynecological Oncology deals with female cancer patients for prevention, palliation, early diagnosis and prompt adequate treatment. Departmental library has more than 100 books and periodicals for education and research purpose. A stat level training on Pap Smear screening was conducted by the Department in collaboration with Department of Pathology for O&G Specialists of different districts. The main activities of this department are:

- Diagnosis and treatment of female genital tract malignancies
- Diagnosis of premalignant lesions and its proper treatment
- Routine screening of female population for early diagnosis of cancer cervix amongst the patients attending the outdoor of the centre
- Assisting in Mobile Cancer Detection Camps for screening of patients
- Teaching and training of M.Ch. students
- Training of Post-graduate students, inservice doctors and Para-medical workers
- Training in Gynecologic Oncology of post- PG faculties
- Undertaking research projects as priority

HEAD & NECK ONCOLOGY

Oral cancer is one of the 10 most common cancers of the world and the commonest in India. There is excellent evidence from many sources that approximately 90% of these cancers are due to tobacco abuse in any form and poor oral & dental hygiene. Almost 70% - 80% of the cases reported have advanced stage of cancer which is practically in Stage-III & IV. Cancers of the Thyroid gland, parotid gland and minor salivary glands are also frequently reported in this Dept. The incidence of pre-malignant lesions like leukoplakia and sub-mucous fibrosis has increased considerably. Cosmetic value being a vital factor, various reconstructive procedures is being

performed by this department. The post-graduate students, Paramedical staffs and ex-service doctors are imparted regular training programs keeping in view the early detection, prevention and treatment of Head & Neck cancers as the main theme.

MEDICAL ONCOLOGY

Medical Oncology department has an important role in the management of cancer cases. The main function of this division is to provide treatment care for the patients suffering from wide range of malignant neoplasms especially for haematological malignancies, lymphoma and solid neoplasms by chemotherapy as primary mode, concurrent mode (CT/RT), neo-adjuvant before RT/Surgery or adjuvant mode following RT/Surgery.

The faculties of Medical Oncology teach & guide the Radio Therapy PG students on Chemotherapy.

The doctors and Paramedics of different districts are trained on Daycare Chemotherapy in regular interval under Dept. of Medical Oncology who renders service to follow up cancer patients in all DHHs of Odisha.

Department of Medical Oncology has a Paediatric Oncology Wing for paediatric patients

coming to the centre. The ten bedded Sovan Bhuyan Memorial Day Care Unit is serving under the department for the patients receiving chemotherapy on day care basis.

MEDICAL PHYSICS

The Department of Medical Physics ensures implementation of the provisions of the Radiation Protection Rules (RPR)-2004 enforced by the Atomic Energy Regulatory Board (AERB), Government of India with the following responsibilities:

- Evaluation and optimization of Radiation treatment planning for cancer patients undergoing radiation therapy.
- Performing radiation dosimetry, periodic calibrations, quality assurance (QA) testing traceable to national standards laboratory and maintenance of all the radiotherapeutic and radio-diagnostic equipments / machines.
- Observing radiation safety for the radiation workers, staff members, patients and public in the Departments of Radiation Oncology, Radiodiagnosis, Nuclear Medicine and Medical Physics.
- Participating in various research and developmental activities of the centre.
- Facility design and Planning for commissioning of new radiation installations and decommissioning of old installations in

accordance with the requirements of the installation that meets the regulatory stipulations of radiation protection and safety.

- Preparations of specifications for treatment and dosimetric equipment;
- Acceptance testing, commissioning and quality assurance (including calibration) of radiation facilities.
- Measurement, analysis and tabulation of beam data for clinical use.
- Development of Q A protocols and procedures in radiation therapy regarding delivery of radiation treatment, radiation safety and control and regulatory supervision of radiation therapy equipment servicing and maintenance of records.
- Teaching Radiation Physics to the PG students for MD (Radiation Oncology) degree and the DMRT (Dip. in Medical Radiation Technology) students of SCB Medical College, Cuttack.
- Internship for M.Sc. Medical Physics students.

ONCO PATHOLOGY

The Department of Onco Pathology acts as the gateway to the cancer centre. Its role on the diagnosis of cancer, subjects the patients to various treatment modalities and follow-up. It has several sections like Histopathology, IHC, Cytology, Hematology, Clinical Pathology, Biochemical Pathology and Microbiology. Besides the hospital laboratory services its staff participate in various Cancer Detection Camps.

This department is facilitated with the studies of Cytology, Histology, Biochemical, Hematology, Clinical pathology, Bone marrow basing on Standard treatment protocols.

Twenty students take admission every year for DMLT course. Life Science and Biotechnology Students of different Universities are being trained in the department as project fellows.

RADIO DIAGNOSIS

The department has been functioning since the inception of this institute. The patient services are carried out through radiological and ultrasound imaging. The Mammography machine has been installed in August 2018 for early detection of Breast Cancer.

Post Graduate students of AHPGIC are being trained on Radiology for cancer patients by faculties of the department.

RADIATION ONCOLOGY

This department treats about 200 patients daily using telecobalt therapy and HDR brachytherapy. About 65% of all cancer patients attending this institute avail radiation therapy during their course of treatment. External Beam therapy is delivered by one telecobalt units (Theratron-780C) from 8:00 AM to late night in three shifts on all working days. Multiple-fields, wedge, block and tangential fields at 80cm SSD are practiced as required. Now the department is well equipped with Linear Accelerator and CT Simulator. More than thousand patients were treated successfully with most sophisticated treatment modalities like VMAT and IMRT. PG - studies in radiotherapy leading to MD (RT) is available in this institute since 1973. Six PG students admit every year for their MD degree. Post graduate seminars are organized twice a month.

SURGICAL ONCOLOGY

Surgical oncology is one of the important departments of the cancer centre. Usually all the new patients coming to the center are first seen in the Surgical Oncology OPD and after getting the tissue or cytological diagnosis and evaluation for operability both clinically and radiologically, those patients are taken for surgical admission and operations. Inoperable cases detected either clinically or radiologically are referred for other modality of treatments like chemotherapy and or radiotherapy.

Modified radical mastectomy, Breast conservation surgeries, radical gastric resections, Abdomino Perineal Resection of rectal cancers are few of those surgeries being done routinely. Radical as well as conservative surgeries for cancer penis are also done frequently. Many a times palliative and bypass surgeries are being done to alleviate pain and agony, Oesophago- gastrectomy, Whipples procedures are been done less frequently. Wide local excision of soft tissue cancers are also being done in routine

basis along with reconstructive procedures. One reconstructive surgeon is working full time but on deputation basis from civil hospital. A fulltime faculty in plastic and reconstructive surgery is badly needed for this department. Post-graduate students from the department of Surgery, SCB Medical College, Cuttack are undertaking training on rotation, They are getting much better exposure and benefit as more than 50% of cases in their examination period are oncology subject. We need to get more and more support from the HOD Surgery from SCB Medical college, Cuttack in this regard posting them on rotation and also for at least 3 months instead of 1 month. Surgeons from peripheral health services are also undergoing re-orientation training in surgical technique on rotation basis. This reorientation program for the peripheral surgeons needs to be on a more regular basis which is not the fact now. The departmental seminar is being conducted regularly. The faculties have also delivered many guest lecturers, presented papers in conferences and taken part in various symposia and workshops. Faculties have regularly taking part in early cancer detection and educational programs joining the cancer control camps and various awareness programs. M.Ch. in Surgical Oncology is continuing from 2017.

DENTISTRY

Oral cancer is one of the common cancers in our country, which is attributed mainly to different forms of tobacco consumption, poor oral and dental hygiene. The dental department serves the patients by way of diagnosis, oral health education, dental consultation and treatment.

Asst. Dental Surgeon : Dr. Namrata Panda, BDS

83.	Prof. S.N. Senapati	Delegate	09.10.2020 - 11.10.2020	Webinar, Rajasthan	4 th Annual International Precision Oncology & IBC Conference
84.	Prof. S.N. Senapati	Delegate	22.10.2020 - 24.10.2020	Virtual Conference	Breast Cancer Odyssey : An Educational Initiative from Cancer Research and Statistics Foundation
85.	Prof. S.N. Senapati	Delegate	06.11.2020 - 08.11.2020	Virtual Conference	Hybrid Conference on Annual Conference of Indian Society of Medical and Pediatric oncology - ISMPOCON 2020
86.	Prof. S.N. Senapati	Delegate	06.11.2020 - 07.11.2020	Virtual Conference	International Cancer Summit Evidence to Practice
87.	Prof. S.N. Senapati	Delegate	11.12.2020	Virtual Conference	Workshop on imaging & IHC in Gynecological Tumors / IOTA during FOGSI – POGS International Virtual Conference Just Tumors- Benign to Malignant organised by POGS
88.	Prof. S.N. Senapati	Delegate	26.08.2020	Webinar	PSMA PET/CT Imaging of Prostate Cancer, PD Dr. Irene Burger and Prof. Dr. Aliafshar - Oromieh
89.	Prof. Niharika Panda	Speaker	08.03.2021 - 26.03.2021	AHPGIC Cuttack	Training of Medical Officers on Palliative Care.
90.	Dr. Lucy Pattanayak	Speaker	08.03.2021 - 26.03.2021	AHPGIC Cuttack	Training of Medical Officers on Palliative Care.

HOSPITAL BASED CANCER REGISTRY & PATTERNS OF CARE & SURVIVAL STUDIES IN CANCER CERVIX, CANCER BREAST & HEAD & NECK CANCERS UNDER THE NATIONAL CANCER REGISTRY PROGRAMME (HBCR-POCSS) :

Dr. P. C. Pathy, Professor, Head & Neck Oncology, Principal Investigator

Dr. A. Hota, Asst. Professor, Head & Neck Oncology, Co-Principal Investigator

Dr. A. K. Padhy, Asst. Professor, Gynaecologic Oncology, Co-Principal Investigator

Dr. B. B. Satapathy, Asst. Professor, Surgical Oncology, Co-Principal Investigator

Dr. K. Besra, Asst. Professor, Onco Pathology, Co-Principal Investigator

Dr. D.P. Sahu, Asst. Professor, Radiation Oncology, Co-Principal Investigator

The broad and overall objectives of a Hospital Based Cancer Registry vis-à-vis the present HBCR-POCSS are outlined below:

1. Assess Patient Care;
2. Participate in Clinical Research to Evaluate Therapy;
3. Provide an idea of the patterns of cancer in the area;
4. Help plan hospital facilities;
5. Contribute to active follow-up of the cancer patient;
6. Describe length and quality of survival in relation to anatomical site, clinical stage and aspects of types of treatment;
7. Contribute to the Population Based Cancer Registries (PBCRs) in the given area;
8. Undertake epidemiological research through short-term case control studies;
9. Show time trends in proportion of early to late stages at the time of diagnosis;
10. Help assess quality of hospital care and cancer services in covered area.

One Research Scientist-Medical (Temporary)

Four Social Workers (Temporary)

Three Data Entry Operators (Temporary)

NATIONAL CANCER GRID

The NCG was created to form a union of cancer centres in the country which could provide uniform and high standards of cancer care, follow uniform evidence based guidelines for management of patients, develop human resource adequately trained to fulfill the cancer healthcare needs of the entire nation and conduct collaborative clinical research of a high standard.

The union would to ensure provision of same quality of care to patients from any part of the country, without having to travel long distances and regardless of their ability to pay for treatment achieved by following the same evidence-based management guidelines, which are implementable in all cancer centres.

Aims and Objectives

1. Evolve and implement uniform standard of cancer care across India
2. Offer the state of art services for those afflicted by cancer.
3. Create Human Resources to tackle the rising need of cancer care.
4. Gauge the magnitude trend and type of national cancer problem through registry and run appropriate epidemiological intervention studies to prevent cancer.
5. Direct cancer research in clinic and laboratory to offer cost effective solution to cancer in India.

LIST OF MAJOR EQUIPMENTS AS ON 31.03.2021

S.N.	Name of Equipment	Unit	Qty.	Date of Purchase	Unit Price
1.	Semi Auto Analyzer	Onco - Pathology	1	08.12.2006	Rs.163800.00
2.	Cell Counter	Onco - Pathology	1	11.11.2013	Rs.1416381.00
3.	Automatic Tissue Prossesor	Onco - Pathology	3	24.12.2014 28.07.2020	Rs.615000.00 Rs.1332220.00
4.	Rotary Microtome	Onco - Pathology	1	31.07.2015	Supplied by OSMCL
5.	Semi Automatic Rotary Microtome	Onco - Pathology	2	28.07.2020	Rs.9,88,840.00
6.	BOD Incubator	Onco - Pathology	1	13.02.2018	Rs.100300.00
7.	DLPC Projector	Onco - Pathology	1	27.04.2018	Rs.119347.00
8.	Binocular Microscope	Onco - Pathology	8	3.11.2018	Rs.22302.00
9.	Electrolyte Analyzer	Onco - Pathology	1	3.11.2018	Rs.82600.00
10.	Hot Air Oven	Onco - Pathology	1	21.08.2018	Rs.71853.00
11.	Coagulation Analyzer	Onco - Pathology	2	20.07.2018	Rs.199420.00
12.	Cleaver Scientific Horizontal Electrophoresis System	Onco - Pathology	1	01.06.2020	Rs.64,890.00
13.	Deep Freezer (-40°)	Onco - Pathology	2	10.01.2020	Rs.253700.00
14.	Deep Freezer (-80°)	Onco - Pathology	1	16.03.2020	Rs.467415.00
15.	Cyto Centrifuge	Onco - Pathology	1	13.01.2020	Rs.796500.00
16.	Multi Headed Microscope with Photographic attachment	Onco - Pathology	1	20.01.2020	Rs.715080.00
17.	Blue star Lab Refrezirator	Onco - Pathology	1	16.07.2020	Rs.105138.00
18.	Cryostat Microtome	Onco - Pathology	1	28.07.2020	Rs.1637840.00
19.	Fume Hood	Onco - Pathology	1	10.07.2020	Rs.174800.00
20.	Suction Irrigation Pump	O.T	1	24.06.2014	Rs.557099.61
21.	OT Light Stand Model	O.T	2	24.08.2013	Rs.596952.38
22.	OT Light Celling LED	O.T	2	24.08.2013	Rs.790380.95
23.	OT Table	O.T	9	15.07.2013	Rs.296152.38
24.	Micro Laryngeal Forceps	O.T	1	15.07.2013	Rs.107377.00
25.	Surgical Diathermy MEMB	O.T	2	22.06.2013	Rs.388571.00
26.	Surgical Diathermy Cauty	O.T	4	25.02.2021 12.03.2021	Rs.285600.00
27.	Surgical Diathermy Electro Cauty	O.T	2	08.10.2013	Rs.3888571.04
28.	Ultra Scission Scalpel	O.T	1	20.08.2013	Rs.1270197.00
29.	Electrical Saw with Accessories	O.T	1	03.03.2014	Rs.1423137.00
30.	Laparoscopy Surgery & Hysteroscopy Set	O.T	1	24.05.2014	Rs.5381654.06

S.N.	Name of Equipment	Unit	Qty.	Date of Purchase	Unit Price
31.	Vessel Sealing Unit	O.T	1	12.07.2013	Rs.1131714.48
32.	Set of Micro Laryngel Forcep	O.T	1	15.07.2013	Rs.107377.36
33.	Laparoscopic Surgery	O.T	1	03.06.2014	Rs.5381654.06
34.	Small Instrument	O.T	1	15.07.2013	Rs.579822.94
35.	Central Sterilizer	O.T	1	09.05.2014	Rs.2180000.00
36.	Defibrillator	OT	2	25.03.2019	Rs.396480.00
37.	Shadow less Lamp	OT	2	11.02.2019	Rs.716800.00
38.	Multipara Basic Monitor (7 Para)	OT	4	12.02.2019	Rs.321832.00
39.	Surgical Operating Microscope	OT	1	03.12.2019	Rs.7552000.00

AUDITOR'S REPORT

To
The Director,
ACHARYA HARIHAR REGIONAL CENTRE FOR
CANCER RESEARCH & TREATMENT SOCIETY,
CUTTACK – 753007

1. We have examined the attached Balance Sheet of "Acharya Harihar Regional Centre for Cancer Research & Treatment Society, Cuttack, Odisha" as at 31st March 2021 and also the annexed Income & Expenditure Account and Receipts & Payments Account for the year ending on that date. These financial statements are the responsibility of the management. Our responsibility is to express opinion on these financial statements based on our audit.
2. We have conducted the audit in accordance with auditing standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence in supporting the amounts and disclosures in the financial statements. An audit also includes assessing the amounting principles used significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We further report that:
 - (I) We have obtained all the information and explanation, which to the best of our knowledge and belief were necessary for the purposes of the audit.
 - (II) The Balance Sheet and Income & Expenditure account dealt with by the report is in agreement with the books of account.
 - (III) In our opinion and to the best of our information and according to information given to us, the said accounts give a true and fair view:
 - a) In the case of the Balance Sheet, of the state of affairs of the above named society as at 31st. March, 2021 and
 - b) In the case of the Income & Expenditure Account, of the excess of income over expenditure for its accounting ending on 31st. March, 2021.
