

ANNUAL REPORT

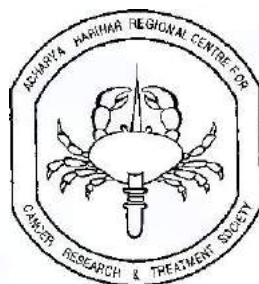

2018-19

ACHARYA HARIHAR REGIONAL CANCER CENTRE

CUTTACK, ODISHA

**ACHARYA HARIHAR
REGIONAL CANCER CENTRE**
(A State Autonomous Body since 1984)

**ANNUAL REPORT
2018-19**

SERVICES AVAILABLE IN AHRCC, CUTTACK

1. Radiation by advanced Radiotherapy machines like LINEAR Accelerator, CT Simulator and Brachytherapy
2. Day Care centre for chemotherapy
3. Digital Mammography, CT Scan, Ultra Sonography and X-ray
4. 24X7 hours Emergency services and Pathological investigations for cancer patients
5. All advanced Cancer surgeries and Laparoscopy surgeries except thoracic and Neuro surgery
6. Free supply of general and anti-cancer Drugs through NIRAMAYA
7. Pain & Palliative Care by specialist Doctors on six days a week
8. Psychiatric counseling by specialists once in a week
9. Free diet to all Indoor patients
10. Govt. schemes like BSKY, OSTF & BKKY
11. Aahar Centre for patient attendants inside the premises
12. Dharmasala for patient's attendant
13. Telemedicine Counseling to patients of different districts
14. All Hospital services are Free of Cost except Cabin & Dharmasala
15. Post Graduate Medical Education Courses

ACHARYA HARIHAR - An Illustrious Personality

Acharya Harihara, one of the leading soldiers of the freedom struggle of India, was born to Mahadeb Brahma and Sradhadevi of Sri Ram Chandrapur of Sakhigopal in Puri district in 1869. His educational career began with the village Chahali and the middle vernacular school after which he joined the Puri Zilla School with a scholarship from the government to complete the entrance examination. He did his F.A. from the Ravenshaw College.

"Non-acceptance of other's belongings" is a lesson he imbibed from his childhood and followed. From his early childhood Acharya Harihar was dedicated towards social service. He had laid the foundation stone of an associated social service in the land of Odisha. He united the student forum and youth for service to the needy and downtrodden. The childhood friendship with Gopabandhu, Nilakantha, Krupasindhu and Ananta matured at Ravenshaw College. Being bound by self-resolution, Harihara accepted the invitation to join as teacher in Nilgiri School, then Ravenshaw Collegiate School and finally Pyari Mohan Academy at Cuttack. He took the challenge to confront the unruly boys in the school and innovated a novel technique to set them right. He visited their houses, watched their movements and established a cordial relationship with their parents offering the scope to teach the boys freely. This changed the chemistry between them. He never punished the boys for their faults rather explained them convincingly till they admitted their faults.

"How to liberate India from the British-Yoke" was the sole thought from his childhood which he tried to translate into action by creating people of extraordinary caliber who could face all the grim situations heroically. He left Pyari Mohan Academy to join the Satyabadi Open Air School which was to be conducted in the green verdant trees of vakulaand chhuriana at Sakhigopal. Virtually, the school was the brainchild of Utkalmani Gopabandhu Das and Acharya Harihar. As a Superintendent of the hostel, he became popular among

the students. Though students referred to other teachers as 'Pundit', Harihara was referred to as 'Acharya' and was a great favourite with the students. The basic objective of Satyabadi School was to inculcate the sense of nationalism among the masses by uniting all, irrespective of caste, creed and religion. The decline of Satyabadi School did not cast any negative impact on him rather he cheerfully accepted Gopabandhu's proposal to work for one "Bidhaba Ashrama" at Puri. The young widows were brought to this ashram where all sorts of care like education, for moral and mental development was extended by Acharya Harihara. When Gopabandhu was imprisoned, he became the editor of 'The Samaj' and kept the paper afloat as a medium of socio-political awareness in Orissa, He also managed the Swaraj Ashram at Cuttack.

The clarion call of Mahatma Gandhi to carryout Salt-Satyagraha in 1930 created a stir in the nook and corner of India. Acharya Harihar led the procession to Inchudi receiving welcome from village to village till arrival at the destination. He was arrested there by the police and spent six months at Hazaribagjail in Bihar. There he spent much of his time to spread messages against the British rule. He was a true disciple of Gandhiji who sincerely worked for attaining freedom of India.

He was elected unanimously as the president of Provincial Congress Committee after the Orissa Province came into existence.

Acharya Harihara and other freedom fighters were arrested and put to jail. Acharya taught these fellows inside the jail. Here Acharya Harihara took food just for sustenance and translated Bhagabat Gita. He was released from jail in the year 1944. He became an active member of Bhoodan Movement and accompanied Vinobajee from village to village in the year 1955. Presiding over the 12th Annual Conference of Sarvodaya Sammilani held at Sevagram on 26th March, 1960 he told, "Freedom has come. But it does not reach the village. The sunrises in the east. But does not find the bright sunrays as we close our doors." The great soul did unceasing work for the upliftment of the people of Orissa and passed away on 29th. February, 1971 at 93 years.

EXECUTIVE COMMITTEE

Members of the Executive Committee

1. The Commissioner-cum-Secretary, Health & F.W. Dept., Govt. of Odisha	Chairman
2. The Development Commissioner-cum-The Additional Chief Secretary, Planning & Co-ordination Dept./Representative, Govt. of Odisha	Member
3. The Principal Secretary, Finance Dept./Representative, Govt. of Odisha	Member
4. The F.A.-cum-Addl. Secretary, Health & F.W. Dept., Govt. of Odisha	Member
5. The Director of Medical Education & Training, Odisha	Member
6. The Principal, SCB Medical College & Hospital, Cuttack	Member
7. The Director, AHRCC, Cuttack	Member & Convenor

AIMS AND OBJECTIVES

1. To undertake basic, applied and statistical research in various specialties of oncology.
2. Generation of technical and scientific man-power in collaboration with other Medical Colleges of the State.
 - ♦ To organize and conduct under-graduate, post-graduate and doctoral training courses for medical personnel.
 - ♦ To organize and conduct PG & doctoral courses in Radiation Physics, Immunology, Bio-Chemistry, Radiation Pathology, Radio-Biology, Cyto-Genetics, Cell-Biology, Molecular Biology and Cancer Epidemiology.
 - ♦ To organize paramedical courses in Laboratory science, Nuclear Medicine, Radiotherapy, Radio diagnosis, Cytology, Nursing and Cancer epidemiology.
 - ♦ To train medical professionals in Oncology.
3. To provide modern and advanced clinical services to cancer patients in collaboration with the Medical Colleges of the state.
4. To institute professorship, readership, fellowship and other teaching & research positions for the above purposes.
5. To design preventive services for the General Health Care Delivery System for extension to other areas.
6. To conduct lectures, seminars, study groups, workshops, conferences on problems related to cancer.
7. To organize hospital based tumor-registry on modern lines.
8. To institute and maintain an up-to-date library, related to various specialties of cancer.
9. To publish research papers, treatises, books and periodicals & other literatures relating to various specialties of cancer.
10. To work in collaboration with other medical institutions, Health Service Departments, other Universities, aid agencies and institutions of repute and to co-ordinate with other societies in the pursuit of any of the above objects.
11. To perform all such acts as may be necessary or appropriate or incidental for achievement of any or all of the above objects.

FROM THE DESK OF DIRECTOR

Development is a continuous process and there are no end points. The process itself is slow, but it must not halt at any point. The goal posts must keep on shifting to achieve a sustainable growth. AHRCC has made a significant progress in the last one year. All the statistical parameters of clinical services have shown significant upward trends. The OPD footfalls, surgical work, chemotherapy load, pathology & radiology investigations have more than doubled as compared to 2015-16 figures. But there is a further scope of improvement, once the infrastructure expands. To address this issue, few significant steps have been taken. Government of Odisha has formed a Special Purpose Vehicle in collaboration with Tata Trusts called Odisha Cancer Care Foundation (OCCF). This body will be responsible for expansion of AHRCC and for setting up of few cancer centres spread out all over the state. For physical expansion, the adjacent land, housing a residential colony, has been handed over to AHRCC. The quarters will be demolished and the centre will expand as per the master plan prepared by OCCF. Two more LINAC machines will be installed to meet out the growing demands of radiotherapy. A digital mammography machine, donated by Mrs Susmita Bagchi, has been inaugurated by Hon'ble Chief Minister of Odisha in August 2018 and is in continuous use. The district cancer centres are under close supervision of AHRCC to help patients in remote areas. The house keeping functions have been strengthened by installation of CCTV cameras, out sourcing of electrical related works. All the patient care services have been made totally free including anticancer medicines.

The future of the centre looks bright. The government is keen to develop this centre as centre of excellence. The constructions over the LINAC building are going on. Diagnostic services like PETCT, MRI, and CT scan will be installed on PPP mode. The academic activities are in full swing. Second batch of M.Ch. students in surgical Oncology & Gynaecological Oncology have joined. Internship training program in Medical Physics has started. The DMLT course is going on. With this rapid pace of development, within next few years this centre will achieve its objective as a centre of excellence.

I wish all success and a bright future.

Dr. L. Sarangi

Director

REPORT FROM DEAN & PRINCIPAL

AHRCC has been approved by the MCI as the first Post-graduate Medical Education Centre of our state without MBBS course from the academic year 2017-18. To start with the Post-graduate students have been admitted to Super speciality Courses i.e Surgical Oncology and Gynaecological Oncology. The institution has been pursuing to start Post-graduate courses in other specialities and super specialities.

I. Post-Graduate Medical Education:

(a) ONGOING PG COURSE: (ADMISSION DURING 2017-18)

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2017-18. The teaching and training programme of the PG students are going on as per the syllabus approved by the Utkal University.

(b) ONGOING PG COURSE: (ADMISSION DURING 2018-19)

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology) have taken admission in the academic year 2018-19. The teaching and training programme of the PG students are going on as per the syllabus approved by the Utkal University.

Ongoing PG course in Radiation Oncology (Academic Year 2018-19) six students have taken admission during the academic year 2018-19 under the control of the Dean & Principal, SCB Medical College, Cuttack and continuing their study at AHRCC, Cuttack.

II. Diploma in Medical Laboratory Technology (DMLT):

(a) ADMISSION DURING 2017-18

The first batch, twenty students, have taken admission during the academic year 2017-18. The teaching and training programme of the DMLT students are going on as the DMLT council guideline of Government of Odisha. They will appear the final examination in 2019.

(b) ADMISSION DURING 2018-19.

The second batch, twenty students, have taken admission during the academic year 2018-19. The teaching and training programme of the DMLT students are going on as the DMLT council guideline of Government of Odisha.

III. Research Activities:

(a) SPONSORED PROJECT

(1) Department of Scientist & Technology (DST), Govt. of Odisha approved project.

Topic: "Understanding the Biology of bacterial vaginosis and its correlation with cancer cervix"

(2) Senior Research Fellow (SRF) under Indian Council of Medical Research (ICMR) Approved project.

Topic: "Clinicopathological study of Gallbladder cancer with special reference to expression of (ER), (PR) and HER-2(neu)"

(b) PROJECT APPROVED BY AHRCC INSTITUTIONAL ETHICS COMMITTEE (IEC).

1) PG Thesis -19 2) Research Project -21

(c) SHORT PROJECTS:

Nineteen students MSc (Biotechnology) from different colleges have completed the short term research project in different departments of AHRCC.

Our requirements:

1. An Academic building for the office of the Dean & Principal, Class room, Auditorium, Library, Reading Room, Research Unit, Examination Hall, etc.
2. To upgrade the 24 hours Emergency Service along with facility for Central Laboratory and Blood Banking.
3. To recruit staffs for the office of the Dean & Principal.
4. Hostel for Resident Doctors.

Prof. N. Rout
Dean & Principal

□ □ □

AHRCC AT A GLANCE

Academics & Research

Two students each in the subject M.Ch. (Gynaecological Oncology and Surgical Oncology), six PG students of Radiation Oncology and Twenty DMLT students have taken admission during the academic year 2018-19. The first batch of internship in medical physics has been completed successfully.

Research is an integral segment of medical education and patient care. Institutional Ethics Committee of the centre conducts meetings at regular intervals for review and approval of new research work to be performed. Several Govt. and industry sponsored intramural and extramural research works are being conducted in the institution resulting in good amount of publications in premier journals of national and international repute.

Library Committee supervises the maintenance and development of AHRCC central library and e-library. Post graduate committee monitors PG & M.Ch. education as well as inter departmental and inter institutional academic activities.

Hospital Based Cancer Registry & Patterns of Care & Survival Studies in Cancer Cervix, Cancer Breast and Head & Neck Cancers (HBCR-POCSS) project under National Cancer Registry Programme is working in the centre. Similarly the centre is enrolled in National Cancer Grid network. The NCG was created to form a union of cancer centres in the country which could provide uniform and high standards of cancer care, follow uniform evidence based guidelines for management of patients, develop human resource adequately trained to fulfill the cancer healthcare needs of the entire nation and conduct collaborative clinical research of a high standard.

Tumor board is conducted every day for discussion and decision of treatment protocols for new patients consisting of specialists of each segment.

Diagnosis

1. On diagnostic front CT scan on regular basis started in the CT simulator machine on appointment of a regular radiologist.
2. New mammography machine and portable X-ray service have been started and catering to better patient care.
3. Govt. has formed a committee to install a PET CT scan on PPP mode and the process is almost finalized for execution.
4. Vendor has been finalized for 128 slice CT-Scan and tender is under process by Govt. of Odisha for MRI on PPP mode.

Collaboration with Tata Trust

Up-gradation of AHRCC is under process in collaboration with Tata Trust in an effort to advance cancer care in the state.

NIRAMAYA

The new drug ware house is functioning for storing and management of Anticancer drugs for the whole state and NIRAMAYA is able to fulfill 100% demand for both general and anticancer drugs.

Telemedicine

Telemedicine centre is a great help for cancer patients of different districts minimizing the long distance travel to the centre. This is also being utilized for teleconferencing with premier institutes for academic discussions and meetings.

Besides all the above developmental work, there has been tremendous increase in the workload in the clinical work. The OPD foot fall, surgical work, pathologic investigations increased by more than 50 percent as compared to last year. The emergency services and pain & palliative service are running in full swing and established their credibility.

AHRCC is actively engaged in the community service in the form of cancer education and early cancer detection camps in the state. This year sixteen camps have been organized. AHRCC's developmental activities are continuing with full vigour & energy. The support from the government is phenomenal. At this pace, the centre will soon become a strong force in the management of cancer in the country.

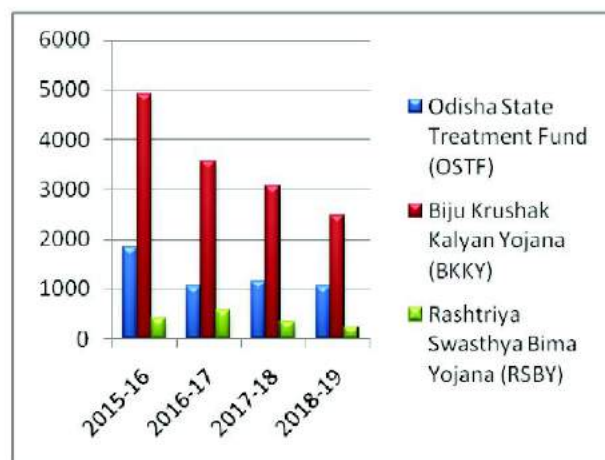

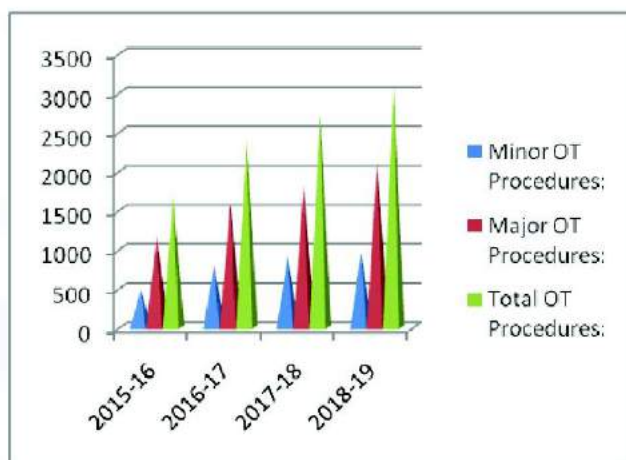

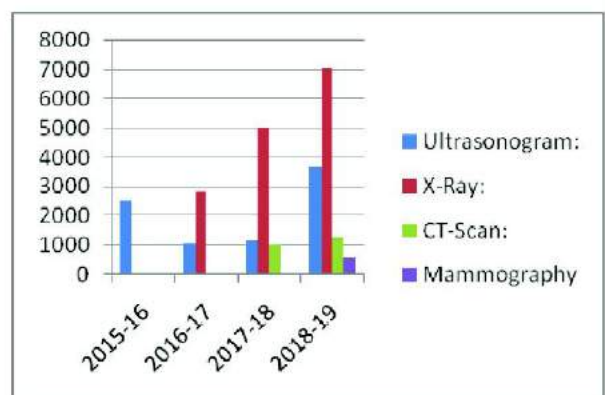

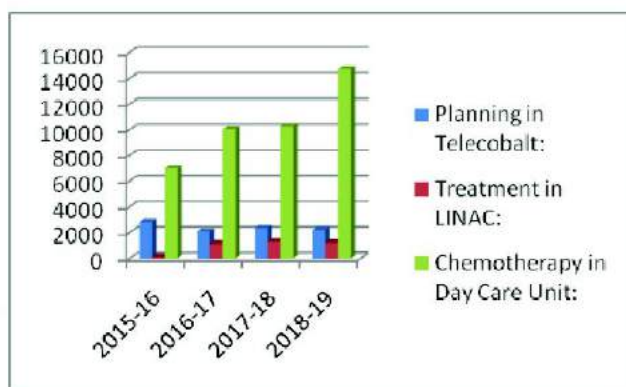

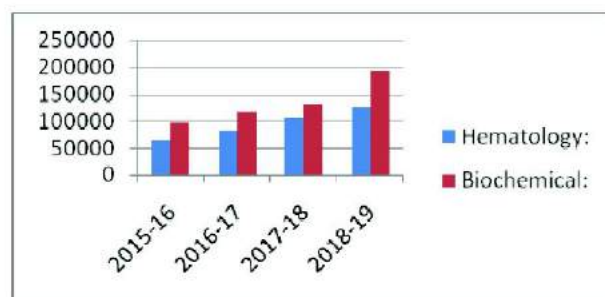

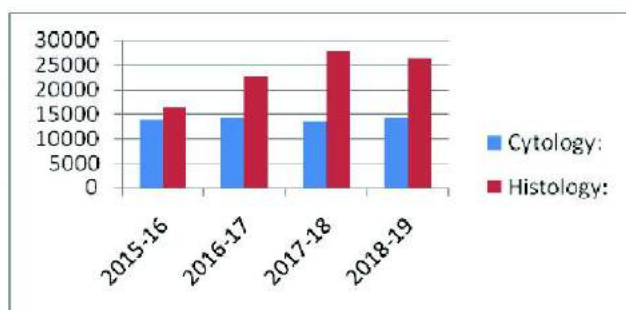

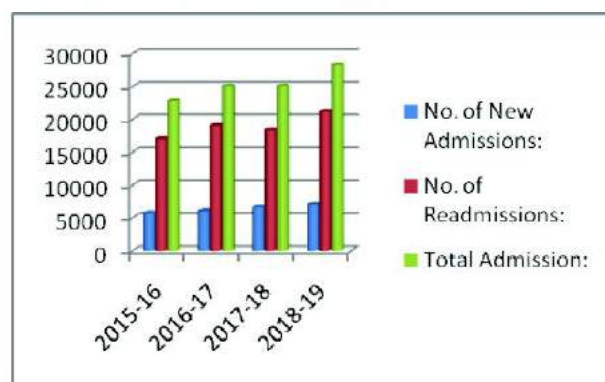

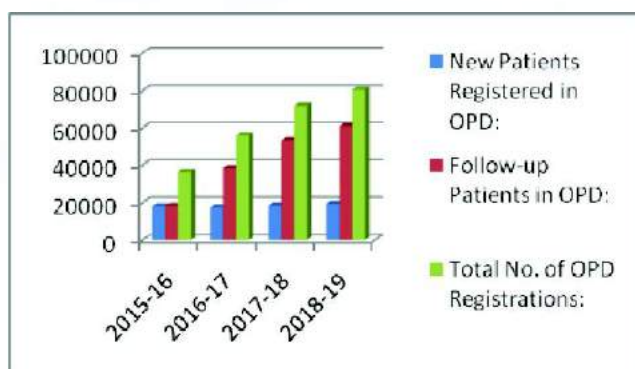

Significant Events

1. Digital mammography machine donated by Mrs. Susmita Bagchi was inaugurated by Hon'ble Chief Minister Sri Naveen Patnaik on 04.08.2018.
2. A special purpose vehicle (SPV) was formed as a joint venture of Govt of Odisha & Tata Trusts in the name of Odisha cancer care foundation (OCCF). It will be responsible for creation of a platform of cancer care all over the state. OCCF will also be responsible for up gradation of AHRCC.
3. Government decided to hand over the single storey quarters adjacent to AHRCC to AHRCC for its expansion. These quarters are in the process of demolition to create more space for expansion. The master plan will be prepared by TataTrust.
4. Digitalization of old records of the patients is under process.
5. Installation of CCTV cameras & creation of security control room of AHRCC.
6. Creation of general help desk and special help desk for OSTF & BKKY.
7. Installation of solar panels.
8. Outsourcing of electrical related activities to a professional body for operation & maintenance of AHRCC.
9. Increase of 08 no. of beds in day care unit.
10. Cancer screening camps from dt. 02.02.2019 to 08.02.2019 on the occasion of cancer observation week were organized in Dhenkanal, Jagatsinghpur, Puri, Kendrapara, Bhadrak and Khurda on the occasion of World Cancer Day. Cancer screening camps and awareness programme held in four slums in Bhubaneswar in collaboration with Airport Authorities Of India.
11. AHRCC yearbook 2017 has been published reflecting the faculty position teaching programmes and Research Publications.
12. The tumour board has been restructured for better functioning and better decision making for the patients.
13. High speed internet facility is available for the students and faculty to access modern books and journals.
14. Expansion of departments has happened with creation of new posts and filling up of prior posts.

Hospital Services

There has been an all-time rise in the number of patients attending the hospital along with all other services which have been depicted below.

Particulars	2015-16	2016-17	2017-18	2018-19

ACTIVITIES

Prof. Rekha Das

- Nodal Officer of MCI
- Doctor incharge Operation Theatre
- Reviewer of Indian Journal of Anesthesia
- Governing Council Member of Research Society of Anaesthesiology & Clinical Pharmacology
- Course Director of Difficult Airway Workshop organized by Dept of Anaesthesia and RSACP
- Elected as the 'President Elect' of ISA ODISHA for the year 2018-2019
- Founder member and secretary of ISCCM ,Cuttack City Branch
- 28th RSACPCON - Judge of Basudeokaushalya Award (Neuroanaesthesia) on 8 th April 2018 at Jaipur
- Examiner for MD Anaesthesia Exam at Patna Medical College, Patna 1st & 2nd June 2018
- Judge in P. K. Tripathy Memorial Paper Presentation held on 8th Sept 2018 in the state conference - ISACON ODISHA 2018 at Rourkela
- Judge in 'Oral Competition Paper' in ISACON East Zone in Kolkata on 6th October 2018
- Organised the COLS Compression only life Support in DCP Headquarters in Cuttack on 23rd October 2018 as a part of All India ISA campaign
- Teaching and HANDS ON TRAINING on "Compression Only Life Support" to Traffic Police Staff on 23rd October 2018

Dr. Sumita Mohanty

- Conducted Contact session for IAPC Certificate Course in Essentials of Palliative Care on 9th - 10th June 2018 & 8th - 9th December 2018 at AHRCC , Cuttack
- Conducted "Volunteers Training programme on Palliative Care" on 11th June 2018 at Orange Cross PVT. LTD, BBSR
- Conducted Examination for IAPC Certificate Course in "Essentials of Palliative Care" (June Session) on 26th August 2018 & 2nd February 2019 at AHRCC
- Judge for the session on "Free Communication", Judge for the "Poster Walk", Chaired a Session on "Nursing Issues" and attended C.C Meeting of IAPC on 7th & 10th of February 2019 at IAPCON -2019, Kochi

Dr. Rajat Kumar Das

- Elected as the Joint Secretary of ISA ODISHA State Branch
- Attended World Anaesthesia day on 16th October ISA Odisha State Branch
- Teaching and HANDS ON TRAINING on "Compression Only Life Support" to Traffic Police Staff on 23rd October 2018

PAIN & PALLIATIVE CARE

This unit provides prompt palliative care through different modalities of services & immediate management of pain to patients at any stage of the disease (mostly terminally ill) with an intention for an improved quality of life. The services provided here have managed to garner recognition throughout

the region which is reflected through the influx of patients from various government and private medical colleges & hospitals of eastern India. IAPC certification courses are being conducted in 2 sessions in a year for all doctors, nurses, volunteers and social workers at the centre.

Our centre, being the State Nodal Centre for Palliative Care, coordinates with the 15 satellite centres established at district headquarter hospitals of the state, to offer Palliative treatment. The doctors and staff at these satellite centres received Palliative Care training from 'Karunshraya', Bangalore & AHRCC, Cuttack.

Unit In-Charge

Dr. Sumita Mohanty,

Associate Professor, Anaesthesiology

Dr. Devasis Acharya

(Relieved on 16.02.2019)

PATIENT SERVICES

Details of Work Done		Number
Total Consultation	New	3299
	Follow up	13229
	Total	16528
Ryles tube insertion		667
Peritoneal tapping		1939
Wound Care		1074
Lymphoedema Management		459
Colo Care& Education		769
Morphine Tabs Dispensed		157519
Morphine Injections		800
Physiotherapy		435

Home Visits:

We have carried out 54 home visits to patients registered for Palliative Care to offer treatment and services to the needy at their doorstep. We have also been digitally guiding the treatment of patients at distant places through video clips and images on WhatsApp and telephonic calls.

ACTIVITIES

- Dr. Devasis Acharya was awarded 'Doctor of the year' by Avikshya Trust, Bhubaneswar.

EMERGENCY SERVICES

It is the most sensitive and challenging clinical zone in the tertiary care centre which receives patients from all over the state, both old and new cases for immediate management.

Unit In-Charge

Dr. Kunal Goutam,
Associate Professor, Surgical Oncology

Dr. Devasis Acharya
(Relieved on 16.02.2019)

Contractual Medical Practitioners

Five MBBS Doctors on rotation

Admitted Cases	702
Deaths	129

DENTAL

Oral cancer is one of the common cancers in our country, which is attributed mainly to different forms of tobacco consumption, poor oral and dental hygiene. The dental department serves the patients by way of diagnosis, oral health education, dental consultation and treatment.

Facilities Available:

- Routine dental procedures (extraction, restoration, grinding, scaling, prosthesis)
- Intra-oral injection for Oral Sub mucous Fibrosis.
- Jaw retraction for trismus.

Head of the Department (I/C)

Dr. Sanjay Panda,

Associate Professor, Head & Neck Oncology

Assistant Dental Surgeon

Dr. Namrata Panda, BDS

GYNAECOLOGIC ONCOLOGY

Dept. of Gynecological Oncology deals with female cancer patients for prevention, palliation, early diagnosis and prompt adequate treatment. Departmental library has more than 100 books and periodicals for education and research purpose. The main activities of this department are:

- Diagnosis and treatment of female genital tract malignancies.
- Diagnosis of premalignant lesions and its proper treatment.
- Routine screening of female population for early diagnosis of cancer cervix amongst the patients attending the outdoor of the centre.
- Assisting in Mobile Cancer Detection Camps for screening of patients.
- Training of Post-graduate students, in-service doctors and Para-medical workers.
- Training in gynecologic oncology of post-PG faculties.
- Teaching and training of M.Ch. students.
- Undertaking research projects as priority.

Professor & HOD

ACTIVITIES

Prof. Sushil Kumar Giri

- Examiner for MCh in St. Johns Bangalore on 31st July 2018
- Awarded for his services in Gyn Oncology In Eastern India in YUVA FOGSI on 22nd November 2018

Dr. Bhagyalaxmi Nayak

- Elected as editor for Silver-city bulletin for IMA Cuttack on 25th April 2018

Dr. Janmejaya Mohapatra

- Organising Secretary SOVSI 1st Annual Conference on 15th - 17th June 2018
- Facilitated as National Joint Secretary IMACGP & Chaired the oration session as state General Secretary IMA State Annual Conference at Bhadrak on 16th - 17th February 2019

Dr. Manoranjan Mohapatra

- Organising Secretary SOVSI 1st Annual Conference on 15th - 17th June 2018

Dr. Ashok Kumar Padhy

- Elected as Joint Secretary for IMA Cuttack on 25th April 2018
- AOGO focus- editor , AOGO judge in free paper session and written Quiz on Gyn Onco. on 15th - 17th June 2018 in 42nd annual conference of AOGO & 1st National Conference of SOVSI
- Convener & Coordinator - Gyn Onco Quiz at AGOICON on 16th - 18th November 2018 at Gwalior

HEAD & NECK ONCOLOGY

Oral cancer is one of the 10 most common cancers of the world and the commonest in India. There is excellent evidence from many sources that approximately 90% of these cancers are due to tobacco abuse in any form and poor oral & dental hygiene. Almost 70% - 80% of the cases reported have advanced stage of cancer which is practically in Stage-III & IV. Cancers of the Thyroid gland, parotid gland and minor salivary glands are also frequently reported in this Dept. The incidence of pre-malignant lesions like leukoplakia and sub-mucous fibrosis has increased considerably. Cosmetic value being a vital factor, various reconstructive procedures is being performed by this department.

The post-graduate students, Para-medical staffs and ex-service doctors are imparted regular training programs keeping in view the early detection, prevention and treatment of Head & Neck cancers as the main theme.

Professor & Head

MEDICAL ONCOLOGY

Medical oncology department has an important role in the management of cancer cases. The main function of this division is to provide treatment care for the patients suffering from wide range of malignant neoplasms especially for haematological

malignancies, lymphoma and solid neoplasms by chemotherapy as primary mode, concurrent mode (CT/RT), neo-adjuvant before RT/Surgery or adjuvant mode following RT/Surgery.

The faculties of Medical Oncology teaches & guides the Radio Therapy PG students on Chemotherapy. They also trends the Doctors and Paramedics of different districts on Chemotherapy on regular interval.

Department of Medical Oncology has a Paediatric Oncology Wing for paediatric patients coming to the centre. The ten bedded Sovan Bhuyan Memorial Day Care Unit is serving under the department for the patients receiving chemotherapy.

Head of the Department (I/C)

MEDICAL PHYSICS

The Department of Medical Physics ensures implementation of the provisions of the Radiation Protection Rules (RPR)-2004 enforced by the Atomic Energy Regulatory Board (AERB), Government of India with the following responsibilities:

- Evaluation and optimization of Radiation treatment planning for cancer patients undergoing radiation therapy.
- Performing radiation dosimetry, periodic calibrations, quality assurance (QA) testing traceable to national standards laboratory and maintenance of all the radio-therapeutic and radio-diagnostic equipments/ machines.
- Observing radiation safety for the radiation workers, staff members, patients and public in the Departments of Radiation Oncology, Radiodiagnosis, Nuclear Medicine and Medical Physics.
- Participating in various research and developmental activities of the centre.
- Facility design and Planning for commissioning of new radiation installations and decommissioning of old installations in accordance with the requirements of the installation that meets the regulatory stipulations of radiation protection and safety.
- Preparations of specifications for treatment and dosimetric equipment;
- Acceptance testing, commissioning and quality assurance (including calibration) of radiation facilities.
- Measurement, analysis and tabulation of beam data for clinical use.
- Development of QA protocols and procedures in radiation therapy regarding delivery of radiation treatment, radiation safety and control and regulatory compliance.

- Supervision of radiation therapy equipment servicing and maintenance of records.
- Teaching Radiation Physics to the PG-students for MD (Radiation Oncology) degree and the DMRT(Dip. in Medical Radiation Technology) students of SCB Medical College, Cuttack.
- Internship for M.Sc. Medical Physics students.

PATHOLOGY

The Department of Pathology acts as the gateway to the cancer centre. Its role on the diagnosis of cancer, subjects the patients to various treatment modalities and follow-up. It has several sections like Histopathology, Cytology, Hematology, Clinical Pathology, Biochemical Pathology and Microbiology. Besides the hospital laboratory services its staff participate in various Cancer Detection Camps.

This department is facilitated with the studies of Cytology, Histology, Biochemical, Hematology, Clinical pathology, Bone-marrow basing on Standard treatment protocols.

Twenty students take admission every year for DMLT course. Life Science and Biotechnology Students of different Universities are being trained in the department as project fellows.

RADIODIAGNOSIS

This department has been functioning since the inception of this institute. The patient services are carried out through radiological and ultrasound imaging. The Mamography machine has been installed in August 2018 for early detection of Breast Cancer.

Post Graduate students of AHRCC are being trained on Radiology for cancer patients by faculties of the department.

RADIATION ONCOLOGY

This department treats about 200 patient's daily using telecobalt therapy and HDR brachytherapy. About 65% of all cancer patients attending this institute avail radiation therapy during their course of treatment. External Beam therapy is delivered by one telecobalt units (Theratron-780C) from 8:00 AM to late night in three shifts on all working days. Multiple-fields, wedge, block and tangential fields at 80cm SSD are practiced as required. Now the department is well equipped with Linear Accelerator and CT-Simulator. More than thousand patients were treated successfully with most sophisticated treatment modalities like VMAT and IMRT. PG-studies in radiotherapy leading to MD (RT) is available in the institute since 1973. Six PG students admit every year for their MD degree. Post graduate seminars are organized twice a month.

ACTIVITIES

- Prof. Narayan Sahoo, Chief Medical Physicist, MD Anderson Cancer Center, USA delivered a talk on basics of proton therapy on 13th February 2019 at RT Seminar Hall

Prof. Surendra Nath Senapati

- Felicited by the Honourable Governor of Kerala at the inauguration ceremony of AROICON 2018

- Guest of honour in 29th ICRO on 1st - 2nd September 2018 held at Coimbatore

Prof. Niharika Panda

- External Examiner at MNJ Institute of Oncology and Regional Cancer Centre Hyderabad on 12th May 2018
- External Examiner to conduct M.D. (RadioTherapy) examination at Sri Venketshwar Institute of Medical Sciences, Tirupati on 23rd May 2018
- Subject expert for selection of Post doctoral fellowship in Palliative care at AIIMS Bhubaneshwar

Dr. Sanjukta Padhi

- Overseas training in Weston Park Hospital, Sheffield, UK from 3rd March to 16th March 2019 availing ESTRO mobility grant on Stereotactic ablative body Radiotherapy

Dr. Lucy Pattanayak

- Received ESTRO TTG (Technology Transfer Grant) 2017 - 18 in VMAT in Head and Neck Cancer, underwent training in Beatson Oncology Centre , Glasgow, UK in May 2018 under supervision of Dr Derek Grose
- Mentioned in ESTRO mobility grant report (TTG)

SURGICAL ONCOLOGY

Surgical oncology is one of the important departments of the cancer centre. Usually all the new patients coming to the center are first seen in the Surgical Oncology OPD and after getting the tissue or cytological diagnosis and evaluation for operability both clinically and radiologically, those patients are

taken for surgical admission and operations. Inoperable cases detected either clinically or radiologically are referred for other modality of treatments like chemotherapy and or radiotherapy.

Modified radical mastectomy, Breast conservation surgeries, radical gastric resections, Abdomino Perineal Resection of rectal cancers are few of those surgeries being done routinely. Radical as well as conservative surgeries for cancer penis are also done frequently. Many a times palliative and bypass surgeries are being done to alleviate pain and agony, Oesophago-gastrectomy, Whipples procedures are been done less frequently. Wide local excision of soft tissue cancers are also being done in routine basis along with Reconstructive procedures. One reconstructive surgeon is working full time but on deputation basis from civil hospital. A fulltime faculty in plastic and reconstructive surgery is badly needed for this department. Post-graduate students from the department of Surgery, SCB Medical College, Cuttack are undertaking training on rotation, They are getting much better exposure and benefit as more than 50% of cases in their examination period are oncology subject. We need to get more and more support from the HOD Surgery from SCB Medical college in this regard posting them on rotation and also for at least 3 months instead of 1 month. Surgeons from peripheral health services are also undergoing re-orientation training in surgical technique on rotation basis. This reorientation program for the peripheral surgeons needs to be on a more regular basis which is not the fact now. The departmental seminar is being

conducted regularly. The faculties have also delivered many guest lecturers, presented papers in conferences and taken part in various symposia and workshops. Faculties have regularly taking part in early cancer detection and educational programs joining the cancer control camps and various awareness programs. M.Ch. in Surgical Oncology is continuing from 2017.

Hospital Based Cancer Registry & Patterns of Care & Survival Studies in Cancer Cervix, Cancer Breast & Head & Neck Cancers Under the National Cancer Registry Programme (HBCR-POCSS):

Dr. D. K. Agarwalla, Assoc. Professor

Principal Investigator

Dr. P. C. Pathy, Assoc. Professor

Co-Principal Investigator

Dr. J. Mohapatra, Asst. Professor

Faculty-in-charge

Dr. S. K. Samantara, Asst. Professor

Faculty-in-charge

The broad and overall objectives of a Hospital Based Cancer Registry vis-à-vis the present HBCR-POCSS are outlined below:

1. Assess Patient Care;
2. Participate in Clinical Research to Evaluate Therapy;
3. Provide an idea of the patterns of cancer in the area;
4. Help plan hospital facilities;
5. Contribute to active follow-up of the cancer patient;
6. Describe length and quality of survival in relation to anatomical site, clinical stage and aspects of types of treatment;
7. Contribute to the Population Based Cancer Registries (PBCRs) in the given area;
8. Undertake epidemiological research through short-term case control studies;
9. Show time trends in proportion of early to late stages at the time of diagnosis;
10. Help assess quality of hospital care and cancer services in covered area.

Staff: One Research Scientist-Medical (Temporary)

Three Social Worker (Outsourcing)

Two Data Entry Operator (Outsourcing)

NATIONAL CANCER GRID

The NCG was created to form a union of cancer centres in the country which could provide uniform and high standards of cancer care, follow uniform evidence based guidelines for management of patients, develop human resource adequately trained to fulfill the cancer healthcare needs of the entire nation and conduct collaborative clinical research of a high standard.

The union would to ensure provision of same quality of care to patients from any part of the country, without having to travel long distances and regardless of their ability to pay for treatment achieved by following the same evidence-based management guidelines, which are implementable in all cancer centres.

Aims and Objectives

1. Evolve and implement uniform standard of cancer care across India
2. Offer the state of art services for those afflicted by cancer.
3. Create Human Resources to tackle the rising need of cancer care.
4. Gauge the magnitude trend and type of national cancer problem through registry and run appropriate epidemiological intervention studies to prevent cancer.
5. Direct cancer research in clinic and laboratory to offer cost effective solution to cancer in India.

COMMUNITY OUTREACH ACTIVITIES

1. Screening camp for Breast, Cervical and Oral Cancer on 11.08.2018, Nabajyoti Diagnostic Centre, Old Jail Road, Dargha Bazar, Cuttack.
2. Cancer Screening Camp under NPCDCS programme at DHH, Puri on 25.08.2018 (Dr. Niharika Panda).
3. Health camp for screening of cancer patients will be held in the District Head Quarter Hospital, Nayagarh on 22.09.2018 (Dr. Niharika Panda).
4. Screening and follow up camp for cancer patients at DHH, Khordha on 29.09.2018
5. Cancer Screening Camp at DHH, Dhankanal on 06.10.2018
6. Cervical Screening Check-up Camp for Women at Chunikoli Slum in Bhubaneswar on 07.10.2018 (Gynaecologic Oncology).
7. Health camp for cancer detection and awareness programme in NTPC Limited, Talcher Medical on 27.10.2018.
8. Cervical Screening Check-up Camp for Women in slum areas in Bhubaneswar on 11.11.2018, 02.12.2018 and 15.12.2018 (Gynaecologic Oncology).
9. Cervical Screening Check-up Camp for Women in slum areas in Cuttack on 25.11.2018 (Dr. B.L. Nayak).
10. Cancer screening/detection camp at Mahanga on 16.12.2018 (Dr. Niharika Panda)
11. Medical camp to create awareness of cancer on 06.01.2019 at Police Hospital, Tulasipur, Cuttack (Dr. S.K. Giri).
12. Health Check-up Camp and Awareness of Cancer on 31.01.2019 at Railway Kalyan Mandap, Khurdha.
13. Cancer Awareness Camp in Bargarh on 27.02.2019 (Dr. Jita Parija).
14. Cervical Cancer Awareness Programme at Tarapanth Mahila Mandal, Cuttack on 28.02.2019 (Dr. B.L. Nayak).
15. Cancer observation week
 - a. 02.02.2019 (Saturday)-Dhenkanal
 - b. 04.02.2019 (Monday)- Jagatsinghpur (Dr. Lucy Patnaik)
 - c. 05.02.2019 (Tuesday)- Puri
 - d. 06.02.2019 (Wednesday)- Kendrapara (Dr. Lucy Patnaik)
 - e. 07.02.2019 (Thursday)- Bhadrak
 - f. 08.02.2019 (Friday)- Khurdha (Dr. Niharika Panda)
16. Live talk on Cervical Cancer in Hello Doctor on 25.02.2019. (Dr. Dipti Rani Samanta)
17. Radio talk on Gynaec Oncology queries on 29.11.2018 (Dr. B.L. Nayak).
18. Expert in health show programme in Doordarshan on Cervical Cancer on 25.02.2019 (Dr. Prasant Kumar Parida).
19. Live talk on Cancer in OTV on 18.11.2018. (Dr. S.N. Senapati)

ACHARYA HARIHAR REGIONAL CANCER CENTRE, Cuttack

AUDITED STATEMENT 2018-19

Medical College Post Office, Cuttack-753 007, Odisha,
Tel: 0671-2304 264

Website: www.ahrcc.in / E-mail: ahrccdiretor@gmail.com

AUDITOR'S REPORT

To

**The Director,
ACHARYA HARIHAR REGIONAL CENTRE FOR
CANCER RESEARCH & TREATMENT SOCIETY,
CUTTACK - 753007**

1. We have examined the attached Balance Sheet of "Acharya Harihar Regional Centre for Cancer Research & Treatment Society, Cuttack, Odisha" as at 31st March 2019 and also the annexed Income & Expenditure Account and Receipts & Payments Account for the year ending on that date. These financial statements are the responsibility of the management. Our responsibility is to express opinion on these financial statements based on our audit.
2. We have conducted the audit in accordance with auditing standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence in supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We further report that :
 - (I) We have obtained all the information and explanation, which to the best of our knowledge and belief were necessary for the purposes of the audit.
 - (II) The Balance Sheet and Income & Expenditure account dealt with by the report are in agreement with the books of account.
 - (III) In our opinion and to the best of our information and according to information given to us, the said accounts give a true and fair view:
 - a) In the case of the Balance Sheet, of the state of affairs of the above named society as at 31st March, 2019 and
 - b) In the case of the Income & Expenditure Account, of the excess of income over expenditure for its accounting ending on 31st March, 2019.
